

Your Growing Healthy Team are here for all children and young people, providing support, encouraging healthy lifestyles and protecting those who are most vulnerable.

Dear Parents and Carers,

We would like to offer your child (**reception to year 6**) a final opportunity to have their **nasal flu vaccine** for this winter season if they have **not** already had it since **September 2019**.

We are running 'last chance' **drop in clinics** in 3 local areas next week and we hope to see you and your child there.

The sessions are all **drop-ins** so no need to book an appointment.

It is never too late to be a flu fighter and be protected against the flu!
